

# ENGIN CLOUD PBX PLANS

## ePBX 4

## Critical Information Summary

### INFORMATION ABOUT THE SERVICE

#### SERVICE DESCRIPTION

The Engin Cloud ePBX 4 Plan provide your business with an Office Phone service delivered via your internet connection, sometimes referred to as internet or IP telephony.

#### STANDARD INSTALLATION REQUIREMENTS

An internet service with a minimum of 100/100 Kbps per concurrent call is required for an Engin Cloud ePBX service. You can utilise an existing internet connection or request a new one from Engin. Applicable internet rates apply. You are required to install the handset(s) supplied as a part of your Engin Cloud ePBX service, including any associated cabling, configuration of your network and any routers and/or switches within your network to allow the Engin Cloud ePBX service to work. Valet Install is available at an additional charge, for more information please speak to your Engin representative or call 1300 305 000.

#### HARDWARE

Hardware is purchased separately and is not included as part of your monthly service fees.  
Minimum Contract Term  
1 month

#### KEY DETAILS

Your Engin Cloud ePBX service allows you to make and receive phone calls. Your Monthly Access Fee includes an IP enabled handset rental, Engin to Engin calls on the same account. Other calls, optional Value Added Services and any other equipment or services required to operate your service are charged in addition to your Monthly Access Fee. An Engin Cloud

ePBX service may not be appropriate if you require an uninterrupted phone service with access to 000 emergency services. The service will not function in the event of a power failure. Priority Assistance is not available on this service.
