

ENGIN SIP TRUNK

2 Line National

Critical Information Summary

INFORMATION ABOUT THE SERVICE

SERVICE DESCRIPTION

An Engin 2 Line National SIP Trunk service is a business grade VoIP service that allows you to make and receive concurrent calls over an ADSL broadband connection. An Engin SIP Trunk Service can provide your business with a low cost phone service allowing for every staff member in your office to have a direct in dial number without the expensive line rental costs.

STANDARD INSTALLATION REQUIREMENTS

You will require a broadband Internet service speed of 512/128 kbps or greater although for the best quality an Engin ADSL2+ service is recommended. You will also require suitable hardware. Our Business team can provide you with information regarding the most suitable hardware solution for your needs.

MINIMUM CONTRACT TERM

1 month

KEY DETAILS

Your Monthly Access Fee and number block package allows a direct phone number for every staff member – without the need to pay a line rental on every phone, extension dialling and unlimited engin to engin calls. Choose the number block package to suit your needs with each 10 number block charged at \$3.50 per month. Other calls, optional Value Added Services and any equipment that may be required to operate your service are charged in addition to your Monthly Access Fee.
