Key Details

This is an internet service that is delivered over the National Broadband Network. For more information about NBN speed tiers visit dodo.com/nbn-speeds.

This service also features an optional Dodo home phone. Should you elect to enable this feature upon sign-up, a Pay as You Go voice service will be activated as part of the offering. You can enable this feature at any stage by contacting Dodo.

Dodo VoIP can ordinarily be used to call the emergency number 000, however you should not regard any VoIP service as a reliable service in an emergency, such as during a power outage. VoIP services are not recommended if you/another resident have a disability, serious illness or other life-threatening condition necessitating an uninterrupted phone line.

Service Availability

Service not available to all areas, homes or customers. While we perform preliminary qualification checks upfront for broadband service availability, the type of service offered the (nbn™ network FTTP, FTTN, FTTB, FTTC, HFC or FW) may be subject to further qualification checks to determine what is available at your location. If we are unable to connect all your services, we will attempt to contact you to discuss further options first or, if we can't contact you after making reasonable attempts, we will cancel your order.

Moving Home

If you relocate, dodo may not be able to provide you with the same offer and you may incur relocation and/or cancellation charges.

Receiving monthly statements

Dodo provides you with a choice of receiving your fee statements electronically (no additional fees apply) or via post (\$2.20 fee per statement).

Hardware

For your internet service you need a nbn™ connection box, (plus a nbn™ outdoor antenna for Fixed Wireless services) and a compatible modem. If you have elected to receive a VoIP service, you will need compatible telephone handset. You may opt for a dodo supplied modem at a cost of \$0 upfront (on a 24 & 12 month plan), or \$109 upfront (on a month to month plan). The supplied modem must be returned if your service is cancelled. A non-return fee of \$109 applies 30 days after cancellation of your service, if not returned. See website for current charges. Modem may be refurbished. The nbn connection box remains the property of nbn co.
